Functional art | Reused materials
Durham, NC

HELLO

Ms. Figgie Paper is home to handcrafted stationery made from reused materials. Reimagining books, posters, packaging, and more, we create one-of-a-kind paper goods. Ms. Figgie Paper is a small, personal operation that binds creative reuse, artful craftsmanship, useful items, and meaningful connections to bring more beauty to the ordinary spaces in life.

We began selling our paper goods in 2017 with custom orders, online Etsy sales, and local retail locations. We are hoping to grow in 2021!
